MAC AND CHEESE

Recipe management on the Mac
to be presented by **Tom Davis**

What's cooking? Be it cheeseburgers or duck à l'orange, can your Macintosh help to make it even better? Absolutely. On Tuesday, combining his favorite hobby, food, with his passion for Macs, Tom will show how you can use your Mac, and even an iPad, to enrich your own cooking. With your favorite recipes at your fingertips, plus the ability to find many more, organize them, edit the numbers of servings, and save everything for easy access, you may find yourself on the road to culinary nirvana. Even if you are not a foodie, what you will learn can help you use your Mac for other hobbies. And one more thing:

PIZZA!

A meeting involving recipe management, without edible goods, would be akin to oysters without a Rockefeller. So please join us for complimentary **PIZZA!** Macs, tantalizing information and pizza: a delicious combination. In a word, yum!

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

HOBBIES AND SUCH ON YOUR MAC
to be presented by **Tom Davis**

In addition to work, practicality and productivity, the Macintosh can enhance many other pursuits. As a lead-in to the main topic, Tom will provide some ideas for ways to use your Mac for your hobbies.
