

Our next meeting is:

**April 1st, 2014 — Tuesday**  
*at Creative Source (location details below)*

**6:30 PM — Socializing, news and announcements**  
**7:00 PM — Presentations begin**

This month's topic:

## FACE TO FACE

A hands-on look at Skype and FaceTime for video chats on your Mac and iOS devices to be presented by **Tom Davis, Roger Owens and Rob Ellis**

Do you remember the enchanting predictions of video telephones, promised to become common technology somewhere in the not-too-terribly-distant future? At long last, yesterday's tomorrow is today, and not only do you have that video phone, it may be in your pocket. On Tuesday, we will take a good look, literally, at video chatting for Macintosh, iPhone, iPad and iPod touch. Exploring the features in both Skype and FaceTime, we will compare both apps and explain how to use them, including live demonstrations of video and audio chats. No matter what the distance, you can have a face-to-face business conference, or share a toast with someone special. If a picture is worth a thousand words, a smile you can truly see must surely be worth a million.

Also,

## BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

**A MAVERICKS TEASER**  
to be presented by **Roger Owens**

Have you been curious about what is new and useful in the latest version of OS X? On Tuesday, Roger will give us a quick overview of a few of the slick new features in Mavericks.

If there are people in your life who are dear to you, yet too distant to see as often as you would like, video chatting may become a true human resource for you. And for that matter, it can be pretty useful for business meetings too. Please join us on Tuesday to learn all about how to use Skype and FaceTime. And please feel free to bring a friend. See you there!
