This month's topic:

UTILIZE YOUR LOCAL LIBRARY WITHOUT LEAVING HOME

How to access the many digital services available at your public library, including e-books, magazines and video to be presented by Sarah-Jayne Studer and Al Risaliti

Imagine a stroll through your local public library, perusing its books, magazines, movies and such, all while lounging at home, wearing your most comfortable pajamas and sipping a morning cup of coffee. As it turns out, truth can occasionally be more amazing than fiction. We are delighted to host a guest speaker: Ms. Sarah-Jayne Studer, Senior Librarian of the Perry Sippo Branch Library. On Tuesday, Sarah-Jayne will unveil an impressive array of digital services offered by the library, including e-books, audio books, magazines, a handful of music and television shows, access to the Zinio and Hoopla services, and more, easily accessible on a home computer or mobile device, including your Mac, iPad, iPhone or e-book reader. Al will then follow up with examples of how he personally uses these resources. Please join us to learn about the world of digital services awaiting you via your local library. Bathrobe and slippers are optional.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

SAVING TIME BY RIGHT-CLICKING IN THE FINDER
to be presented by Roger Owens

One of the less obvious yet oh-so-useful abilities of your Mac is to bring up a menu of useful choices when you click your right mouse button. On Tuesday, Roger will demonstrate the many choices available when you right-click while in the Finder, plus tips on how to do this with an Apple mouse or trackpad.
