This month's topic:

IPHONE EXTRAVAGANZA

An evening of iPhone and iPhone/Mac tips and tricks, plus a look at the new iPhone 5s to be presented by Al Risaliti, Roger Owens and Rob Ellis

Whether you already own an iPhone or are hoping for Santa to bring you one this Christmas, December's meeting is for you. Pulling the ribbons and wrapping paper off many iPhone mysteries, we will explore various tips, including how to create ringtones using GarageBand, software alternatives to iTunes for accessing your iPhone with your Mac, how to format email sent to iPhones to enable iOS to set appointments, and more. And we will take a hands-on look at the brand-new iPhone 5s. Even if Christmas day finds you with no new iPhone in your stocking, Tuesday's meeting will bring you many useful presents, none of which require you to be good, the way you should, on every single day.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

HOW TO ADD YOUR OWN INFO TO GET INFO WINDOWS
to be presented by Rob Ellis

Get Info windows are handy, and handier still if you know how to add your own comments inside them. On Tuesday, Rob will show how Spotlight Comments provide an easy way to attach searchable notes or information to any file on your Mac.

Also,
