This month's topic:

GENEALOGY ON YOUR MAC

How to trace your own family history, using the web, and software for Mac

to be presented by Annette Davis

Genealogy, the tracing of family trees, is a fascinating study unto itself, but the Mac and modern resources bring genealogy into the 21st Century. With some great software, anyone can document family trees, actually have fun doing it, and create gorgeous charts that would be difficult to produce otherwise. On Tuesday, Annette will demonstrate a powerful, Mac-only genealogy app named Reunion, along with many valuable tips, such as how to physically and digitally organize genealogy information, how to create charts and reports, how to fine-tune Reunion, how to improve your searches, and how to utilize a unique website to access cemetery records. We will also briefly discuss ReunionTouch for iPhone and iPad. Please join us on Tuesday, because with some help from us, you can go back to the future with no need for a Delorean or a Flux Capacitor; the only thing missing will be the trails of flame. After all, what could be more natural than wondering about our, and others', ancestors? Or, in the classic words of a friend, spoken while she was employed at a bookstore and had been assigned the task of reorganizing the genealogy department shelves: Who's yo daddy?

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

TOM'S FAVORITE KEYBOARD SHORTCUTS

to be presented by **Tom Davis**

One of the fastest, simplest, and most direct ways to speed up your computing is to use keyboard shortcuts, and of course there are many of them. On Tuesday, Tom will focus on the shortcuts that he actually uses to make his Mac life easier.

About the weather:

In these winter months, if the weather is particularly bad or road conditions are unsafe on the day of one of our monthly meetings, please try to check your email before you leave for the meeting. If a meeting is ever cancelled or postponed due to weather, we will send an emergency email to let you know.
