This month:

KEYNOTE & POPCORN NIGHT

Come watch Apple's unveiling of several new Macs and iPads, while munching popcorn!
to be hosted by **Rob Ellis**

A mere week ago at their latest keynote address, Apple unveiled some wonderful new equipment: new iMacs, a new MacBook Pro, new Mac minis, and a mere seven months after the introduction of the third-generation iPad, two new iPads. On Tuesday, we will be serving up the keynote address video, along with **popcorn and soft drinks**. There will also be napkins available, which may serve double-duty to accommodate any drooling over the new gear. And we will follow up the keynote with a round-table discussion. Please come join us for this fun event! The three reasons for enjoying the keynote at our meeting rather than elsewhere:

1. It is always more fun to watch and discuss an Apple keynote with fellow MacAddicts
2. You get to see it on a Really Big Screen (otherwise known as the Really Big White Wall in our meeting room)
3. Popcorn...

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

FINDER WINDOW TOOLBARS
to be presented by **Rob Ellis**

Each of your Mac's Finder windows sports a toolbar, and that toolbar can be customized in many simple yet powerful ways. On Tuesday, Rob will show how toolbars can make life with your Macintosh much easier and faster, with various useful shortcuts, and fast access to your most-used applications.
