

Our next meeting is:

November 5th, 2019 — Tuesday
at Creative Source (location details below)

6:30 PM — Socializing, news and announcements
7:00 PM — Presentations begin

This month's topic:

WHICH ONE DO I WANT?

Which new Mac laptop or iPhone might be perfect for you?
to be presented by **Tom Davis**

If you have been daydreaming about purchasing a new Mac laptop, or a new iPhone, or even both, and have wondered where to begin, our Tuesday meeting is the perfect place. Tom likes new toys, and has been wanting to replace his 2014 MacBook Pro and his iPhone 6, and in the process, has decided to share his own journey of deciding what to buy. We will look at specific models, including the latest MacBook Pro and MacBook Air, and the iPhone 8, iPhone XR, and iPhone 11. We will also consider details for each, such as what will work with his and your existing software and printer, what connections are compatible with an existing backup drive, and more. Decisions, decisions... Purchasing new gear can require time-consuming research, but our meeting can save you lots of that valuable time. Please join us. Your own daydream of new toys might also come true.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

LOCKED OUT OF YOUR OWN MAC?!
to be presented by **Tom Davis**

Suppose, for very good reasons and with perfect intentions, you changed your Mac's login password, then with great horror, discovered that you have forgotten your new password. You could literally end up locked out of your own Mac. Stranger than fiction, Tuesday's 'Basics' topic is based on a true story, because Tom found himself in this somewhat terrifying situation. On Tuesday, Tom will show a fairly simple solution to this stressful riddle. This is information worth learning, because even if you are not currently caught in this predicament, learning how to solve it might turn out to be invaluable.
