This month's topic:

## CUT IT OUT!

How to use Sure Cuts A Lot software to cut designs for scrapbooking, crafts, signs, greeting cards, vinyl decals, and more to be presented by **Annette Davis**

Printing from Macs is, of course, common. Less common is the ability to use your Mac to cut out virtually any shapes you choose. Enter Sure Cuts A Lot, a clever, user-friendly app which allows you to create shapes using your Mac's own fonts, or tens of thousands of easily-found graphics, or the app's built-in drawing tools to create your own. Paired with one of many available electronic cutting machines, you can cut your designs out of paper, card stock, cloth, vinyl, or even fondant, for spectacular cake decorations. And how does all this work? For all the info, please join us on Tuesday, when Annette will show how you can make designs that are literally a cut above the rest. To paraphrase an often paraphrased movie quote: Scissors? We don't need no stinking scissors.

Also,

## BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

**REMOTE CONTROL**  
to be presented by **Rob Ellis**

Whether or not your Mac came with one, you may be delighted to know what you can do with Apple's own remote control. On Tuesday, Rob will show how to use the Apple remote, and in case you do not already own one, where to buy one ridiculously cheap.

Also,

## FREE RAFFLE!

This raffle is pure fun! Courtesy of Annette Davis, we will be raffling off 4 sets of assorted, hand-made greeting cards, created with the help of Sure Cuts A Lot, and all made by Annette herself.

Please note that this raffle is FREE, but available only to MAC<sup>2</sup> members. If you are not yet a member but are thinking of joining, and you want to participate in the raffle, you are welcome to purchase a membership before the raffle.

With Sure Cuts A Lot and a cutting machine, you will have your work cut out for you. Of course, hearing about this magic yet never learning how to perform it would be the unkindest cut of all. So cut loose, and come join us on Tuesday to find out all about it. And please feel free to bring a friend. See you there!
