

Our next meeting is:

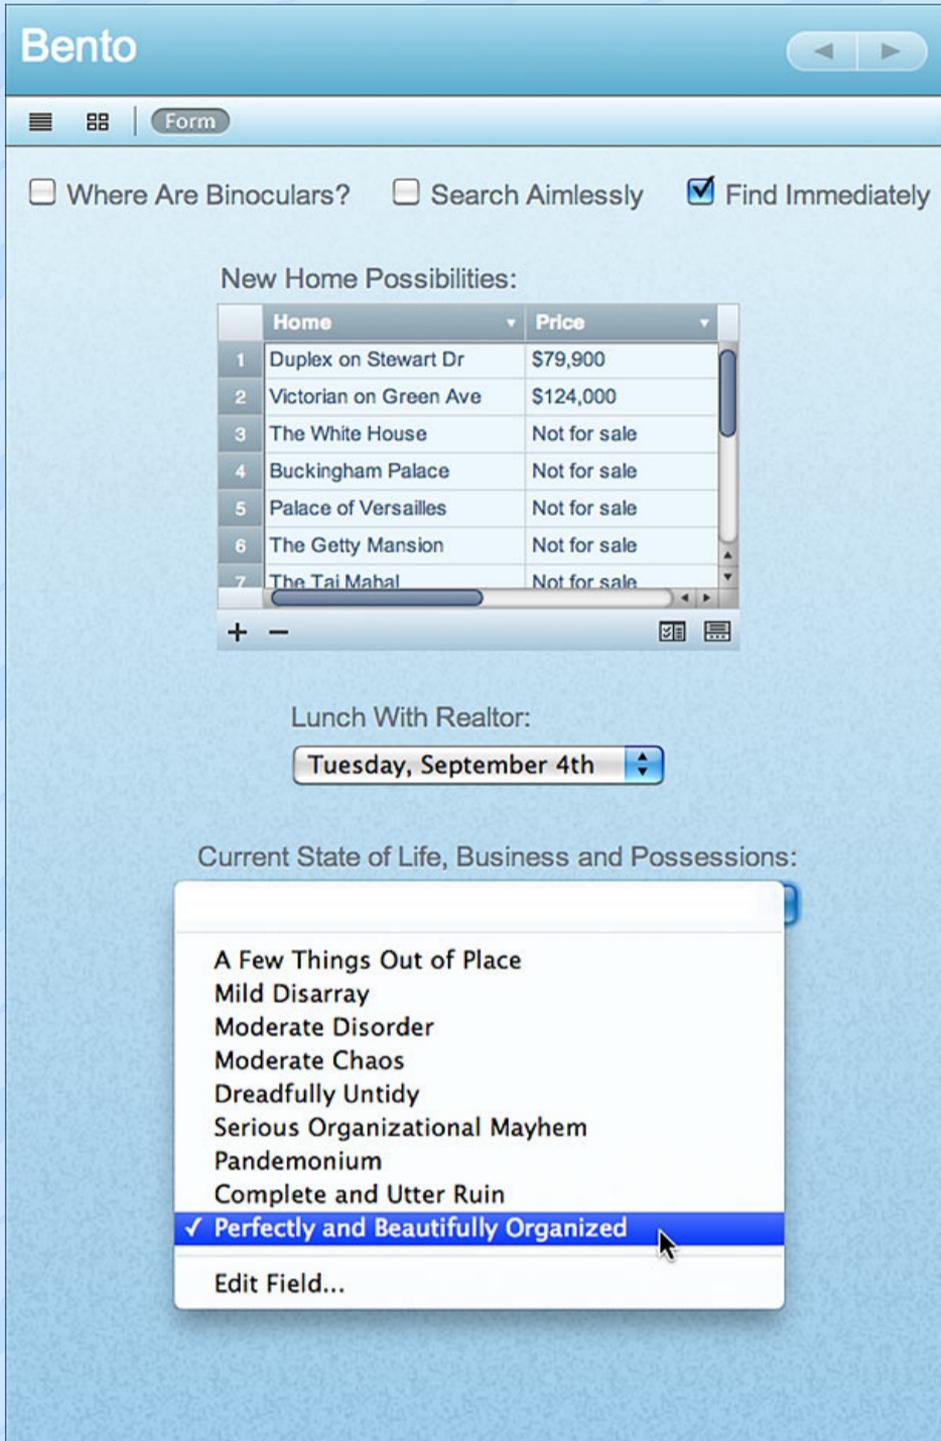

September 4th, 2012 — Tuesday
at Creative Source (location details below)

6:30 PM — Socializing, news and announcements
7:00 PM — Presentations begin

This month's topic:

BENTO

How to create searchable lists, keep inventories, catalog anything in your home, and get organized, using the most user-friendly database app for the Mac and iPad to be presented by **Rob Ellis**

Getting organized can be a challenge; staying organized can be an even tougher task. But on Tuesday, Rob will show a remarkable app named Bento, with which you can create and manage lists which are instantly searchable, inventory anything in your home or business, plan your next vacation, keep track of the books you have read, and more. You can choose from over 1000 templates or create your own from scratch. Whether you would like to store friends and contacts info with a photo index, keep track of your business purchases, or catalog your wine collection, Bento may be your perfect solution.

Also,

BACK TO MAC BASICS

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

HIDDEN FINDER FEATURES
to be presented by **Roger Owens**

There are many functions and tricks in OS X, but many are not readily apparent. On Tuesday, Roger will show a handful of useful goodies that are built into Lion and Mountain Lion.

Would it be helpful if you could inventory your video collection? Or track your pet's care? Or keep automotive service records, job searches, Craigslist sales, or your diet and medical details, all in an easily searchable way? Please join us on Tuesday and learn how to do these things in Bento. And please feel free to bring a friend. See you there!
