

Our next meeting is:

**September 3rd, 2013 — Tuesday**  
*at Creative Source (location details below)*

**6:30 PM — Socializing, news and announcements**

**7:00 PM — Presentations begin**

This month's topic:

## **DIAGNOSING AND REPAIRING YOUR MAC FROM A THUMB DRIVE**

How to create a utility thumb drive, disk drive or startup DVD  
to be presented by **Roger Owens**

Repair utilities for the Mac can solve many problems, yet attempting to make repairs on your Mac's own drive, while starting up from that same Mac, has been compared to performing brain surgery on yourself. What to do? Simply start up from another drive and do the troubleshooting from there. On Tuesday, Roger will show how to create your own bootable USB thumb drive, disk drive, or DVD, and how to fill it chock-full of diagnosis and repair utilities. We will also have a look at the Recovery partition in Lion and Mountain Lion. After a bit of housekeeping, your Mac will work better, life will be less frustrating, and you will have less need for that corkscrew which the manufacturer probably neglected to build into your thumb drive.

Also,

### **BACK TO MAC BASICS**

In this segment, we focus on more fundamental skills, to make life a little easier for those who are trying to learn how to use their Macs. This month:

**EASY SLIDE SHOWS**  
to be presented by **Rob Ellis**

Have you occasionally wished for a simple way to present a beautiful slide show to someone, or to yourself? On Tuesday, Rob will show the hands-down easiest way to create graceful slide shows of any images you have on your Mac, using a built-in goodie called Quick Look.

---

#### **OUR MEETING LOCATION:**

*Creative Source  
4623 Everhard Rd NW  
Canton, OH 44718  
330-497-5556*

#### **DIRECTIONS:**

*Creative Source is located in the Belden Village area, in the small plaza at the intersection of Belden Village Street and Everhard Road. Within the plaza, it is to the right of PetPeople.*

*For a map, along with options to get directions from anywhere, [please click here](#)*

*About Creative Source: Creative Source is a provider of high-quality design, print ads, posters, and impressive large-scale banners, signs, displays and floor decals. For more information, visit their website at <http://www.csforideas.com>*

---

If your beloved Macintosh is feeling under the weather, operating slower than usual, exhibiting glitches, or otherwise not behaving up to par, you may be able to remedy the problems yourself. Please join us on Tuesday and learn how to make your own handy, bootable, emergency media. And please feel free to bring a friend. See you there!
